

**Your Spring House-Cleaning** should not be confined to beating rugs and scrubbing floors. Clean out the accumulated "toxins" that come from heavy winter foods that clog the liver and lower the muscular tone and vitality of the body. Eat **Shredded Wheat Biscuit** with fresh berries or other fruits and green vegetables. Get back to Nature. Shredded Wheat will bring the bounding buoyancy of new life and vigor. Contains all the goodness of the whole wheat grain. Nothing so strengthening, health-giving and satisfying. Made at Niagara Falls, N. Y.

## PARENTS LIKE GUARD BETTER THAN THE ARMY

Young Man Who Enlists From Williams Receives Cheerful Message From Parents in California Who Extend Blessings

Believing that it would be a good example for all fathers and mothers who are prohibiting their sons from joining the colors of the First Arizona Infantry at Douglas, through mistaken motives, Adjutant General Harris yesterday gave out a copy of a telegram mailed him by Lieutenant Aling, now on recruiting duty in the northern part of the state. The telegram was sent to a boy who enlisted in the regiment, by his father and mother, and carries a resolute appeal of patriotism. The telegram is as follows:

"Fresno, Cal., May 15, 1916.  
"E. C. Ferguson, Williams, Ariz."

"We would object to regular army because the trouble may soon blow over and you would then be bound for those years to post duty. Take careful stock of your motives, and be sure patriotism and not adventure moves you; then if you feel your country needs you, join the National Guard. Should you decide you must go to the front, our blessings will go with you, as at all times."

"MOTHER AND FATHER."  
Harris was very pleased with the telegram, and stated that if more fathers and mothers looked at the matter in the same way, there would be less holding back at the present time when the state and country needs men so badly. The young man in question who received the above heartfelt telegram is now at Douglas.

No Official Word  
Colonel Harris has received no official word from the regiment at Douglas. He has sent wire after wire to the regiment, but has not received a single answer. He is much at loss to account for this, not knowing whether there is a censor at the other end of the wire, or whether the officers are too busy to answer his telegrams. The colonel will go to Douglas when the regiment has been mustered in, and attend to the details of turning over the state property to the government. At the present time Captain Temple, assistant adjutant general, is on the ground, keeping an eagle eye on the munitions of war belonging to the state.

Captain Stanley F. Williamson, who has been on the unassigned list for the past several months was yesterday put on the active list and assigned to recruiting. He will have charge of the Phoenix office while Lieutenant Price, who has been in charge here, will go to Globe and other mining camps.

It was also announced that Roland W. Shaw, who has been acting as drum major for the regimental band, had been promoted to a second lieutenant and assigned to Co. F, the Indian company, commanded by Captain Holworth of this place.

## PROGRESS WITHOUT POLITICS; STATE TRADE BOARD TAKES A STAND FOR BETTER STATUTES

Legislation Committee Named After Lively Debate as to Right of Body to Move in Matter That May Involve Politics

SILVER SERVICE  
FOR BATTLESHIP

Many Varied Matters Given Consideration; Two Exhibits, Excursion and Program of Next Meeting Are Acted On

To avoid lining anybody up over politics, yet to accomplish much needed reforms in legislation affecting business, finance and production, was the problem the Arizona state board of trade solved yesterday by the appointment of a legislative committee. The delegates went into the only real line-up of the session over the advisability of taking any steps in this matter, some holding out against the proposed action, on the ground it would result in a violation of the fundamental agreement to avoid politics, that forms one of the bases of the organization.

There was a deal of debate. V. D. Johnson, secretary of the Mesa Commercial Club, related the fight he had engaged in to divorce the organization from politics, and dwell upon the good results that followed his success. Vice President Andrew Kimball, who presided, strongly favored the appointment of the committee, and after nearly an hour's discussion during the afternoon session, the act was authorized, and Mr. Kimball named the committee: Rudolph Kuehler, Maricopa county, chairman; J. W. Francis of Flagstaff, Dr. E. E. Briscoe of Willcox.

The committee is authorized to work for legislation that will tend to instill confidence into capital. The consensus of opinion was that Arizona now has laws inimical to capital. Charles F. Willis, of the state bureau of mines, said that it was not so much present laws, but possible ones, that reacted through the present lack of confidence on the part of moneyed men. We need not worry about that so much as the possible future passage of laws even more inimical to progress.

Two Exhibits Considered  
The state board of trade talked over

exhibits at the San Diego exposition and at the El Paso convention of the National Dry Farming and Soil Products Congress. It was reported that progress had been made on the state-wide exhibit for San Diego, and that the fund now amounted to nearly a thousand dollars. An Indian exhibit of special interest will be among Arizona contributions. Following the El Paso convention, the Arizona exhibit will be made the basis for a permanent show in the El Paso Chamber of Commerce, much like the one maintained in the Phoenix bureau of the Los Angeles Chamber of Commerce.

At San Diego the delegates want to hold an Arizona Day some time in the fall, to have the newly commissioned battleship "Arizona" in San Diego bay and to present the silver service on that occasion. A committee was named with full powers to close a contract for the manufacture of the silver service. Allen T. Bird announced that the drawings and estimates of the Reed-Barton company had been favored and that a deal would be made at a conference today.

Messrs. Welch, Myers and Fennemore were made a committee to see about the reinstatement of homesteaders' excursion rates, which have been discontinued. As to the proposed excursion of representatives of eastern commercial organizations, known as the "Comfort Plan," the delegates concluded it was too big a proposition to be handled at this time. F. P. Comfort, W. Ward Davies and J. J. Sloan were continued on a committee to make further inquiries into this matter.

The report of the committee favoring the plan for a "Soldiers' Comfort Club" was accepted and a schedule of shipping dates for the different cities. The committee on this work is composed of A. A. Trippel, W. W. Davies, F. O. Allen, A. E. Aeppli and Dr. F. H. Redewill. The shipping dates are as follows: Phoenix, June 3; Yuma, June 7; Mesa, June 10; Casa Grande, June 14; Tucson, June 17; Florence, June 21; Graham county, June 24; Benson, June 28; Globe, July 1; Ray, July 5; Douglas, July 8; Bisbee, July 12; Prescott, July 15; Flagstaff, July 19, and Phoenix, July 22.

The committee on the silver service and the plan to raise the fund by popular subscription consists of Allen T. Bird, L. W. Mix, Thomas E. Campbell, L. S. Cates and A. A. Jones, by W. E. Berk.

It was decided to send embassies to the three national conventions and to enlist the next meeting by securing the presence of some big men who could present addresses on live topics.

## NEW DEACONESS HOSPITAL PLAN OF THE METHODISTS

Consolidation of Branches of Church Will Favor Move to Improve Means of Healing; Plan Launched Sunday

On next Sabbath morning at the First Methodist Church, the forward movement for a new hospital and Deaconess Home will be inaugurated. The present quarters on Third avenue are entirely inadequate for those applying for admission.

It is the purpose of the Board of Trustees to secure, at the earliest date possible, the construction of buildings on the latest approved architectural plans; and equipped with the best apparatus modern science can furnish. The Salt River Valley has a national reputation for being a natural sanatorium second to none in the United States. There has long been a serious felt want for a house of recovery commensurate with present, and inclusive of future needs. The psychological moment has arrived to arise and build such an institution is the conviction of not a few.

The regiment is at the present time under the command of Lieutenant Colonel H. H. Donkersley. Colonel Tull having gone back to Morenci to pick up a few recruits and several members of the band who live there. The band as yet has not been recruited to full strength, owing to the fact that the major portion of the members of that unit are scattered all over the state.

Yuma Doing Share  
The little town of Yuma, according to Colonel Harris, has done more than its share toward recruiting the guard. It sent out one of the largest companies of any town in the state, and in addition to that sent forty-three recruits yesterday under the command of Lieutenant Bailey of that place. Bailey stated yesterday that he thought he could go back to Yuma and pick up about twenty more recruits.

Harris stated yesterday that as time passes it becomes more and more evident that nothing less than a war will cause recruiting to take on a stimulated action in Phoenix. Phoenix, though the largest city in the state, has contributed the smallest number of men. There are plenty of evidences, according to Harris, that he could raise a regiment here in case of intervention, but he also explained that the regiment would have to spend three or four months in a concentration camp, being trained and made fit for service. The men who are counting on making this move, according to the adjutant general, are going to be badly disappointed, as the First regiment will be in the van of all operations on the border, and a regiment raised later would probably not get closer than the border.

Arizona as the junior state of the republic has as yet failed fully to demonstrate to her older sisters that she is ready to obey Him who said, "Heal the sick," thus carrying out the social program of Christianity.

The Methodist Episcopal and the Methodist church South will soon be one body, and will act as a unit in advancing the interests of the hospital and Deaconess Home.

Preliminary favorable action has already been taken by the Methodist Church South, to donate the five-acre plot at Tenth and McDowell road for a hospital and Deaconess Home.

The cosmopolitan cast of the articles of incorporation provide for representation of other churches on the Board of Trustees. This will open doors for a state wide campaign for one of the most desirable assets that could possibly be secured.

Eugene S. Giddis, a former Cincinnati pastor, comes well endorsed for the office of financial secretary. He is confident that the enterprise can be brought to a triumphant issue, and will deliver the address of the occasion.

All interested in the outcome of the undertaking are earnestly invited to the initial public service.

## BIG FINANCIAL DEAL TO BE CLOSED TODAY

To close a finance deal, by which a new and great mining field adjoining the Inspiration at Miami will be opened, is the purpose of the visit by a number of Globe and Miami men to Phoenix. They arrived yesterday by motor car.

The deal, details of which are withheld, awaiting its outcome today, will involve a great deal of valuable mining property, within sight of the city of Miami, and is said to mark a new era in mining development in that already prominent district. Among those who arrived yesterday are C. E. Phillips, Wm. Phillips, L. H. Trim, W. G. Hobbs, Ike Martin, W. D. Perry, D. R. Williamson, Frank Beston and F. W. Hamm.

## CHICK ORME DROPS CREW LEADERSHIP

When John Newcomer returned from Stanford University yesterday morning he said that Chick Orme, the lucky Phoenix lad who was elected captain of the Stanford crew for this season, had lost weight considerably since his race at Washington and he intended to give up his place to an assistant so the crew might stand more chance in the big race back east this summer.

## "Fair-List" Factors

YOU can pay 10% to 50% MORE than Goodrich Fair-List prices, for other Fabric Tires of no better quality,—without averaging 1% MORE actual Mileage out of them!

You can accidentally Puncture,—or accidentally Ruin,—the highest-priced Fabric Tire that ever was frilled into Extravagance,—in the FIRST WEEK you use it!

And,—you would have no more recourse (with such Extravagant Tires), than you have on these Fair-Listed Goodrich "Barefoot" Tires, which cost you one-third to one-tenth LESS, for self-same Service, plus more Resilience,—more Cling, Spring, and true Pneumatic quality.

Now,—consider that Message,—for Thrift. Then note following prices:—

### Goodrich "Fair-List" Prices

BLACK "BAREFOOT" SAFETY-TREADS

	Ford Sizes	
30 x 3		\$10.40
30 x 3½		\$13.40
32 x 3½		\$15.45
33 x 4		\$22.00
34 x 4		\$22.40
36 x 4½		\$31.60
37 x 5		\$37.35
38 x 5½		\$50.60

### WILLARD-FULTON BOUT ON LABOR DAY

CEDAR RAPIDS, Iowa, May 17.—Tom Jones, manager for Jess Willard, world's champion heavy-weight, received a telegram today from J. J. Nash, manager of the Twin City Athletic club of Minneapolis, offering a purse of \$50,000 for a championship contest between Willard and Fred Fulton. If details are arranged, the fight will be staged on Labor Day.

### BELIEVE DEAD AMERICANS ARE FOUND ALIVE

(Continued from Page one)

Within five days more than 5,000 men, Brigadier General A. Mann was given command of the Laredo district from the western limit of the Brownsville district to Blocker's ranch between Laredo and Eagle Pass.

The Eagle Pass district from Blocker's ranch to a point near Del Rio will be commanded by Brigadier General Henry A. Greene.

Lieutenant Colonel A. I. Parmer-ton will command the fourth district headquarters at Del Rio. Six companies of the Nineteenth and the six companies of coast artillery will be used in that district for guarding the bridges and towns west of Del Rio along the Southern Pacific railway.

Three companies of coast artillery, the 77th, 74th, and 145th, left today for that district.

Bad weather delayed again today the mustering into the regular establishment of the militia, although

enough progress was made to make it apparent that the work would be completed tomorrow.

Two Mexicans were wounded and taken prisoner by Major Langhorne, yesterday in a skirmish a short distance south of El Paso, according to a report made to General Funston tonight by Colonel Sillay at Los Alamos, 45 miles south of the border. None of the Americans were injured.

### PAPERS COSTING MORE

[Republican A. P. Leased Wire]  
CHICAGO, May 17.—That the war in Europe may materially increase the price of newspapers, magazines and periodicals was the belief expressed here today at a meeting of the executive committee of the International and Daily Press association.

The meeting was called to devise ways and means of meeting the shortage in paper stock and a resolution was

adopted urging the strictest economy in the use of papers. It was said that in two cities of 40,000 people, and in smaller cities several daily newspapers had not issued because of the shortage.

It was reported that many newspapers were on the verge of shutting down completely or issuing smaller editions.

### SAFEGUARDING CANAL

PANAMA, May 17.—The canal authorities are taking special precautions to safeguard the canal locks, owing to rumors that attempts might be made to dynamite them. The American steamer San Ramon, bound from San Francisco and Mazatlan, Mexico, for New York was searched prior to passage through the waterway. All of her crew were Americans. The vessel carried a cargo of dye wood. She arrived at Cristobal yesterday.

### POSTPONED GAMES

American Association  
At Minneapolis-Columbus wet grounds.
